

Aspect New York is happy to introduce The Brandon as their new female residence accommodation option in New York. Brandon offers a safe and comfortable community.

There is a friendly staff member on duty 24 hours a day, seven days a week. In addition to providing security, he/she is there to provide directions, give information on local stores and attractions, and collect deliveries - including packages and dry cleaning. They are also a direct link to facilities management if the need arises.

Brandon's location truly is one of its major attractions. We are located one block from Broadway, Riverside Park and subway and bus transportation. It is an easy walk to the Museum of Natural History and Central Park and less than 20 blocks from Lincoln Center. The immediate neighborhood itself is home to some of the best restaurants, shopping and recreational facilities the city has to offer.

Brandon's excellent facilities include private furnished rooms, breakfast and dinner included in rent, voicemail and individual voicemail, rehearsal rooms with pianos and organised social events including concerts, movie nights and parties.

Brandon Residence

The Brandon Residence for Women
